THE STANDARD... BY WHICH OTHERS COMPARE

R130-400 KEY CABINET MULTIPLE KEY MANAGEMENT SYSTEM

R130-400 400 CAPACITY KEY CABINET

Color coded tags make Riopel key cabinets even easier to use. Each section of 100 numbers features a different color, for more convenient identification of specific departments, floors, etc.

Durable molded plastic key tags have large easy-to-read numbers, and metal snap-hooks. Yellow "Key Loaned" tags are also included with every cabinet.

All units have full piano hinges, easy-access slotted and numbered steel key racks, and numbered key control charts. Secure wafer tumbler locks are on every key differently, so no key fits other units. Grey or putty "textured" steel construction, slotted in back for easy wall mounting.

MODEL	DESCRIPTION	SIZE (H-W-D)
R130-400	400 - KEY CABINET	22" X 16" X 6"
